

#### **PRODUCT DESCRIPTION**

Electric Mirror metal frames provide a sophisticated and modern finish to our lighted mirrors, perfectly complementing elegant and contemporary décor. Featuring tight-mitered corners and precision metal inserts, each frame is built to last and provides ample protection to the mirror's edge, preventing chips and breaks. Frames are 3/4" deep and are available in 3/4" and 5/16" widths.

#### **SPECIFICATION STATEMENT**

Solution shall consist of an extruded anodized metal frame of corrosion-resistant aluminum molding to protect mirror glass. Framing shall have hardware which creates tight-mitered corners using precision metal inserts, secured with dual friction-set hardware.
